

2026 CLEF Summer Program

Sunday, July 26 to Friday, July 31 in Milford, Ohio

The CLEF Summer Program is a unique opportunity specifically designed for ensemble musicians from parishes of all sizes across the country. This week-long program offers education, skill building, prayer, reflection, and community connection.

Learn from highly experienced faculty: Our faculty members are highly skilled musicians, ensemble directors, and liturgists who believe strongly in the role of ensemble music in liturgy and are passionate about helping musicians lead people to full, conscious, and active participation in liturgy.

Expand music and liturgy skills: Participants work with a shared repertoire of music in separate vocal and instrumental groups plus combined ensemble sessions. The schedule also includes large group sessions on music and liturgy topics, plus a wide range of learning sessions during clinic day.

Build community with other ensemble musicians: Ensemble musicians face unique challenges in their ministry, and the week offers an opportunity to learn from each other. From large group sessions to conversations over meals, there are plenty of opportunities to build community through the week.

Registration rate includes all program activities, meals from Sunday dinner through Friday breakfast, and a private room with shared bathroom facilities at the Jesuit Spiritual Center at Milford. A limited number of scholarships are available for first-time attendees.
